CANNOT OPEN FAIR.

Physicians Say Governor Must Remain at Palestine.

Austin, Oct. 13.—Despite the fact that Governor Campbell accepted Monday the invitation of President Kiest of the State Fair of Texas to open that institution at Dallas Saturday, Private Secretary Barton received word Tuesday morning from Palestine that the governor's physician declined to permit him to make the trip. It is inferred from this that the executive's health is not improving.

The board of pardons has declined to recommend to the governor a pardon for W. J. Dent, according to Judge A. P. McKinnon, a member of the board. Numerous petitions have been received by the governor and board for a pardon, but Judge McKinnon said that the board could see no reason for changing its views, as Dent's record is against him. The matter is now exclusively with the governor.

The railroad commissioners' docket was disposed of in a short time Tuesday morning. The proposed readjustment of less than carload rates on tropical fruits was taken up. Secretary Farley of the Dallas freight bureau and Manager Pakwett of the Fort Worth bureau argued in favor of the reduction on the ground that the present rates interfered with interior points competing with part jobbers. The matter was taken under advisement.

The commission granted application for readjustment of rates on paper, putting the Orange mills on a parity with the Dallas mills, 24,000 pounds minimum.

Petition for new passenger depot at Smithville by the aKty was granted and the company was ordered to prepare plans.

Mad Dogs Bite Eight Persons.

El Paso, Oct. 13.—Mayor Sweeney ordered all unmuzzled dogs shot. From Saturday night until Tuesday morning eight persons were bitten by mad dogs.

Haskell Adds Another Chapter.

Kansas City, Oct. 13.—Governor Haskell has given the Associated Press a signed statement addressed to President Roosevelt relative to the controversy over the leasing of 680,000 acres of Osage Indian oil lands.

"I shall," says the governor, in the course of his statement, "insist on the cancellation of this lease in the interest of these citizens of our state, or that congress take action to declare this improvident and unjust lease void and secure for the Osage nation citizens the just and reasonable compensation that other owners are receiving."

In conclusion the governor says: "It was Senator Depew who induced you to grant the Prairie Oil and Gas company a franchise over the protest of Secretary Hitchcock less than one year before that time, and in this one transaction you gave the Standard Oil company a donation from the property of the Osage Indians more than enough to pay for the famous \$29,000,000 fine. Marvelous as it may seem, the difference between the royalty you fixed for this new leases and the average amount received in the balance of the oil field by land owners controlling their own property is fully equivalent to a net loss of \$10,000 to each and every member of the Osage nation tribe, and whether this gross injustice to our people was accomplished by your lack of consideration or any other way the authorities of the state of Oklahoma will not rest until this lease has been canceled and justice done our people."

Consults With Attorneys.

Kansas City, Oct. 13.—Governor Haskell is here consulting with attorneys with reference to the suit he says he intends to bring against William Randolph Hearst, charging the New York editor with libel. The governor stated he had already placed the matter in the hands of his attorneys and the petition will be filed by them whenever they see fit. The suit, he said, will probably be brought in the circuit court. The case grows out of the publication of the Standard Oil company story controversy, the immediate result of which caused Governor Haskell to resign the treasuryship of the Democratic national committee.

TWENTY-TWO MURDERED.

Japanese Charged With Cruelty Toward Koreans.

Seoul, Oct. 13.—Twenty-two members of the "Ichinhui," a pro-Japanese organization of Korea, were killed by Japanese gendarmes at Chohade a few days ago. The affair has been kept quiet, but occasioned much uneasiness because it might be considered as the ruthless slaughter of unoffending Koreans by Japanese soldiers and calculated to confirm previous reports of unnecessary cruelty practiced by Japanese in Korea.

SUPREME COURT BEGINS.

Waters-Pierce Oil Company Case Near Top of List.

Washington, Oct. 13.—Beginning at 12 o'clock Tuesday the call docket in the supreme court of the United States for the 1908-09 term was begun. An important case near the head of the call is that of the Waters-Pierce Oil company of St. Louis. This is an appeal by the company from decision of the Texas state courts ousting the company from doing business in that state and imposing a fine of over \$1,600,000 against it on a charge of violating the anti-trust laws of that commonwealth. The Waters-Pierce Oil company is identified with the Standard Oil company, and on account of the fact that Senator Bailey has been charged with giving assistance to the company in the controversy the suit has attracted much attention.

A case was recently docketed that will test the validity of the bank guaranty law of Oklahoma, and another was instituted by one of the negro soldiers discharged on account of the Brownsville riot which deals with the right of the president to summarily dismiss an enlisted man before the expiration of his term. Another deals with the regularity of the proceedings of the New York courts against Albert T. Patrick, now serving life sentence on charge of murdering the millionaire, William Marsh Rice.

FERDINAND AT SOFIA.

"Czar of Bulgaria Given a Demonstration by the Inhabitants.

Sofia, Oct. 13.—Ferdinand, the "czar of Bulgaria," made his entry into the capital Monday and was given a demonstration by all classes. He entered the city horseback accompanied by a brilliant staff amid salutes from the artillery.

He was welcomed by the municipal authorities at a triumphal arch erected at the entrance of the main boulevard. He later made his way to the cathedral where the Metropolitan of Sofia and other high prelates officiated at a mass. The entire city is profusely bedecked with people. After the mass the prince reviewed the local garrison. None of the members of the diplomatic corps was present at any of the functions.

One-Half Destroyed.

Kansas City, Oct. 13.—One-half of the business portion of Bonner Springs, Kan., a watering resort, twenty miles west of Kansas City, was destroyed by fire, causing a loss estimated at \$100,000.

Finds Bomb at Door.

El Paso, Oct. 13.—George Harold of the city detective department who worked up the cases against the Mexican revolutionists, Tuesday found a rude bomb at the front door of his home, the fuse having burned out before damage resulted. Harold received unsigned notes recently saying he had been marked for death.

Terms It a "Frost."

Dallas, Oct. 13.—Sterling P. Strong, leader of the submissionists, has returned from Houston, where he visited the Anti-Prohibition convention. He says the meeting was a "frost," and that three factions wanted different policies adopted. Strong is confident prohibition will prevail.

To Extend Rock Island.

Fort Worth, Oct. 13.—E. P. Swenson of New York, owner of nearly 1,000,000 acres of Texas land, is here and conferred with President Turnbull of the Denver road. Swenson says positively the Rock Island will extend from Graham to Stamford and Swenson interests will build a line from Stamford, 200 miles northwest.

By THE EAGLE PRINTING CO.

BRYAN, TEXAS, OCT. 14, 1908

If Taft is elected it is because the American people are content to have an imperial rather than a republican form of government.

We have figured it out. Col. Simpson and Maj. Mose Harris are believers in metempsychosis and expect the former to be elected governor of Texas during some reincarnation millions of years hence. This is the only reasonable explanation of their claims we can think of.

If the Eagle did not feel sure that the thirty-first legislature will take whatever action may be necessary to take care of the insane now confined in jails it would utter a loud and piercing scream every morning, but the legislature may be relied on to do the right thing.

Three Pennsylvania girls, the eldest only twelve years robbed a safe. The up-to-date girl is not going to let the boys beat her at anything.

The anti-prohibition convention at Houston effected a permanent non partisan organization and adopted a platform to fight Statewide prohibition. No action was taken either for or against submission, but that question was passed up to the legislature.

Each succeeding political campaign smells stronger and yet stronger of Standard Oil. If it keeps on we will be able to distinguish between a statesman and a politician by the smell.

BIG CROP ESTIMATE

Dabney White Predicts Four Million Bales.

San Antonio, Texas, Oct. 13.—Dabney White, a magazine writer who has been making a study of the cotton crop of Texas, prophesies that the yield this year will reach the tremendous amount of four million bales. Previous estimates made earlier in the season have put the amount to a little over three million bales. At his figure the gross value of the crop will be \$150,000,000, or a little over \$40 for every man, woman and child in the state. Mr. White points out in his travels through this state he finds that gins are running during the entire year. In Southwest Texas the ginning begins in the latter part of June and lasts until well into winter. In Northwest Texas it begins in the fall and the wind up is not until July of the following year. This remarkable situation indicates the great difference in climatical conditions throughout the immense expanse of territory that makes up the state of Texas.

The agricultural department of Austin, basing an estimate of 3,000,000 bales on information received through official sources.

Messrs. Rowland Walker and C. F. Lytton, salesmen in the A. J. Wagner & Co. store here went up to Mexico yesterday to assist in the store of the same concern there, where a rush was expected on account of a circus exhibition.

A NICE SHOP.

Mr. P. L. Winter has just completed many improvements to his barber shop on Main street, which are the remark of all who visit his popular place. New paper in the season's prevailing tone and attractively figured has been placed on both the walls and ceiling, while the exterior has been brightened with the painter's brush in the hands of one who knew how to use it.

Mr. Winter also placed new bath tubs in his establishment and opened a branch shop at Allen Academy where work is done twice a week.

The North Dakota Ready For Launching.

Quincy, Mass., Oct. 13.—The arrangements for the launching of the new United States battleship North Dakota at the yards of the Fore River Ship Building Company, are about completed, and it is expected that visitors from all parts of the country will attend the interesting event, which will take place next month. The North Dakota is the first 20,000 ton, all-big-gun battleship of the Dreadnought type built for the United States, and is similar in all respects to the Delaware, which is under construction at Newport News, Va. It will have a long forecastle deck, extending from the bow almost to the center of the ship. The ten twelve-inch guns are arranged in five turrets. The guns in the forward turret will be twenty-four feet above the waterline, and those in the second turret will be so placed that they will clear the roof of the forward turret.

The ladies of the Christian church will give a party social at the home of Mrs. David H. H. Friday Oct. 16th from 4 to 10. All are cordially invited to attend. 269

The Republic's Questions Answered.

The San Antonio Republic (alias Maj. Mase Harris) propounds four questions to The Eagle inasmuch as they are fair and worthy of consideration we respond with pleasure.

The Republic's first question is: "Is not the Democratic party committed to prohibition? Emphatically no. If you were not blinded by prejudice and would read the platform you would know that it is not."

Question No. 2: "Was not the State Democratic convention controlled by Prohibitionists?" There was no test vote on this question. A majority voted in favor of submitting a prohibition amendment to the people, but many who so voted are opposed to Statewide prohibition. The sovereignty of the people is the bedrock of the democracy and no true Democrat will deny the people a referendum when they demand it, as they are doing now.

Question No. 3: "Does not the Democratic platform demand prohibition?" No, it does not. Again we ask you to read the platform, and if you don't know the meaning of plain English words, look in the dictionary.

Question No. 4: "Did not the democracy nominate an avowed Prohibitionist as their candidate for governor?" It has been generally reported and not denied that Governor Campbell voted for Statewide prohibition twenty-one years ago. So did Senator Bailey, for whom you profess great admiration. Bailey has changed and why not Campbell? Hon. J. B. Dillard of Seguin is alleged to have said in a recent speech that the governor is now opposed to Statewide prohibition and that if the legislature should enact a statutory prohibition law he would vote it. The Eagle does not assert that this is true, however. Whatever be the private opinion of Governor Campbell does not affect the position of the Democratic party.

Reading Letter When Killed.
Barstow, Tex., Oct. 13.—W. M. Cleghorn was shot to death while reading a letter by Cecil Young, who admitted firing the shots and surrendered to the sheriff. Cleghorn was standing in front of the post office reading a letter when he first received a load in the back. He turned around and received a second shot in the head, fell dead. Young was a chum of Cleghorn, killed last August.

Edward W. Townsend, author of the "Chimmie Fadden" stories, is the Democratic nominee for Congress in the Seventh New Jersey district.

John G. Oglesby, the Republican nominee for lieutenant governor of Illinois, is a son of the late Richard Oglesby, who was governor of the State and one of its most noted men.

The ticket to be used at the election at Tennessee next month will contain over a hundred names, and it is estimated that it will require an average of about seven minutes for the voter to cast his ballot.

W. Bourke Cockran, one of the most eloquent speakers in the Democratic ranks, will be heard on the stump in behalf of the Bryan and Kern ticket in Indiana, New Jersey, Maryland, West Virginia and New York during the remaining weeks of the campaign.

Three aspirants are engaged in a lively fight for the Democratic nomination for governor of Virginia next spring and now it is reported that Lieutenant Governor J. Taylor Ellyson may soon announce his entry in the race.

The managers of the national Socialist campaign express themselves as well satisfied with the results of the coast-to-coast tour of Eugene V. Debs and the famous "Red Special." The Eastern trip wound up in New England with a speech by Mr. Debs delivered in historic Faneuil Hall.

Samuel G. Cosgrove, the Republican candidate for governor of the State of Washington, is sixty-one years old and a civil war veteran. He was born in Ohio and spent his early life on a farm in Defiance county in that State. Late in the seventies he started west and worked for a time as a miner in Nevada. In 1882 he settled in Washington and has since been engaged in farming and in the practice of law, in both of which pursuits he has been successful from the financial viewpoint.

Speaking of railroads, we have noticed that the popularity of a road depends in each community on the popularity of the local agent. Where the agent is accommodating and pleasant there is hardly ever a kick about the road, but where the agent is cranky and unaccommodating the road is unpopular.—Topeka Mail and Breeze.

Woman Suffragists Gather in Buffalo.

Buffalo, N. Y., Oct. 13.—Prominent woman suffragists are already arriving in considerable numbers and committee meetings are being held in preparation for the fortieth annual convention of the National American Woman Suffrage Association, which will open in this city Thursday. As a preliminary to the convention of the national body the annual meeting of the State organization convened today.

The sessions of the national organization will continue six days and will be presided over by the Rev. Anna Howard Shaw. A fine array of talent has been obtained to address the various meetings, consisting of prominent men and women who have become famous for their devotion and labor along different lines of human activity.

Indorsements of the Pending Constitutional Amendment.

"The Democratic party believes that ignorance is a misfortune and that education is a blessing, and we, therefore, favor a wise and liberal financial support of our public schools and all our State educational institutions. We favor the adoption of the pending amendment to Section 3, Article VII, State Constitution, relating to public free schools and commend the support of said amendment to the voters of Texas."—State Democratic Convention August 12, 1908.

We favor the adoption by the people of the amendment to Section 3, Article 7, of the State Constitution relating to free schools. This amendment, if adopted, will give the people of the country districts the right by law to provide for the erection and equipment of good schoolhouses, for the lengthening of the school term where practicable, and for the employment of better qualified and more capable teachers. The Texas Farmers' Congress urges every patriotic farmer in Texas and all other citizens to work for and vote for this amendment."—Texas Farmers' Congress, College Station, July 9, 1908.

The indorsements printed above indicate the interest taken throughout the state in the matter of better education for the children of this state. It is up to the parents now to provide for a deficiency existing by voting in favor of the educational amendment to be submitted to the electors on Tuesday, Nov. 3d.

COAL—Three tons of coal. Coal coal. Best coal ever in Bryan. BRYAN ICE CO. 292.

A STATE COTTON MILL

Will Probably Be Erected and Operated With Criminal Labor.

San Antonio, Tex., Oct. 13.—Continued success of the iron works operated by the state of Texas at the Rusk penitentiary has induced the prison commissioners in their report to the Governor to advocate the establishing of a cotton factory in order to give healthful and profitable employment to the female prisoners. The report shows that the iron plant has made a fifty per cent increase in efficiency and is operated successfully under the adverse handicaps of high freights, high priced coke, and low prices for the product. The commissioner's report shows that the railroad being constructed by the state from Rusk to Palestine is nearing completion, and indicates that immense advantages to the state industries will accrue as soon as the road is in operation. Two big sugar plants are operated by the state with criminal labor most successfully, and the commissioners endorse this method of employing criminals as more satisfactory than the convict lease system which they declare is being gradually discontinued. In these experiments Texas is taking the lead and the outcome is watched with great interest throughout the state.

Mr. Coulter sold bills of goods to merchants doing business in Madison Grimes and Burleson counties Monday. Buying in large lots and selling for cash enables him to sell his goods at exceptionally close prices and customers who buy in small quantities have advantage of very nearly the wholesale price. By the way, Mr. Coulter says that those who desire the souvenir knives given with men's \$3.50, \$5.00 and \$6.00 shoes should come in early, as only about one dozen of these remain on hand out of one hundred received a short time ago.

Mr. F. W. Yeager has returned from San Antonio where he had charge of the Brazos County Farmers' Union exhibit at the fair.

Mr. and Mrs. J. W. Mathis were here from their home in Kurten Monday and transacted business with Bryan merchants.

Mr. and Mrs. J. J. Pressley of Cook's point were in the city Monday, Mr. Pressley favoring The Eagle with a pleasant call.

Rev. Top Maze was in Monday morning from Martin's Prairie, Grimes county, and did business with Bryan's progressive dealers.

WANTED—Roomers and table boarders. Everything new and convenient. Apply to Mrs. J. A. Grey. 272.

CITY SCHOOLS.

Mr. Gilham, of The Eagle, visited the schools recently.

Mr. John Newton, one of our last graduates, gave us a call Friday.

Miss Lella Suber, a former teacher, was with us one day. Her pupils were well prepared, and with Miss Board in charge of them this year, success is assured.

Miss Estill is the new West side teacher. That means that the fourth grade will have to work.

Principals Kinnard and Bethany have been to the country, speaking for the amendment.

Prof. H. C. Smith was at Austin Saturday.

Miss Holmes and Miss McLaughlin visited the schools recently.

Mr. J. M. Carnes had charge of the East side seventh grade. Friday afternoon. The pupils were charmed with him and hope that he will call again.

Rally at Alexander.

Mr. W. R. Elliott of Alexander was in the city Monday and to The Eagle stated that preparations on a large scale are being made for the holding of the educational rally in the schoolhouse at that place next Saturday night.

The meeting will be addressed by County Judge A. G. Board of Bryan, County Superintendent T. W. Parker City Superintendent W. C. Lawson all speakers of widely recognized ability, particularly along educational lines, and perhaps others.

The committee having in charge the details of the meeting consists of Mrs. Canary Wilcox, Mr. Joe Walker and Mr. Elliott.

Everybody is invited to be present and it is expected that a large crowd will attend.

There will be no charge to the basketball game and lawn party at Villa Maria next Saturday afternoon, at which time the young ladies comprising the basketball team of T. W. C. and those of the Villa will contest for supremacy. The ladies of the Academy will serve ices, cakes, and numerous good things for the benefit of the new auditorium, which is very badly needed. Everybody is invited to come and help a good cause while passing a really enjoyable afternoon. The hours are from 3 to 7, and there is no charge for admission.

Warren F. Haygood, formerly of Brazos county, now residing at Olney, Young county, has been here for ten days on business and returned home last night.

has a charm of its own aside from a pleasing personality. That is why work done by the Bryan Steam Laundry has so many admirers. The simple reason is that we "know how" to do the work properly, and furthermore we do it. We take the trouble to do it right. Lots of people know how to do a thing, but they haven't pride enough to do it properly. We are not that kind.

THE COTTON MARKET

A person can predict the probable action of Liverpool based on the close of the American market with almost the same degree of accuracy that he can forecast Texas weather without having in his possession the right kind of a goose bone.

According to New York's close Saturday, Liverpool should have come in 1 to 2 points better yesterday, but instead the opening was a disappointment at 2 points down.

The American markets responded to Liverpool's weakness, and opened 4 points down, and at the noon call had slid on down the chute until it was 10 points to the bad as compared with the opening. However, there was some reaction during the afternoon 6 points being recovered, and the market closed 4 points down.

There is a hopeful outlook for an early settlement of the strike situation in Lancashire, and ordinarily it would seem that this probability would have a tendency to improve prices. But it will be remembered that Liverpool and the continent bought heavily last week, and it is possible that insiders who were wise to approaching events discounted the market and laid in a supply of raw material in advance of the settlement, so that an adjustment now may not bring about any better prices.

It is apparent that the weakness of yesterday was due to heavy offerings of cotton all over the belt.

Local spot market was 1-Sc lower than the day previous.

Strict low middling, 8 1-Sc.

Middling, 8 3-Sc.

Strict middling, 8 5-Sc.

Good middling, 8 3-Sc.

Sales yesterday, 150 bales.

Liverpool is due to open practically unchanged this morning.

SECOND ATTEMPT

To Break Jail Made by the White Prisoners Confined Here.

Another attempt to escape from confinement was made Monday afternoon by the three white prisoners confined in jail here. Jim Green, the janitor to the court house, whose duties happened to call him to the jail about the middle of the afternoon, heard the prisoners pounding on the door of the runaround, and reported the matter to the county clerk's office. Sheriff Nall arrived from Austin shortly after, when an investigation was made, and it was found that the men had used the rails or their coats levers and had nearly succeeded in forcing the big iron door from its hinges.

It is supposed that in the event they were successful in forcing the door of the runaround, they would have overpowered the Sheriff when he entered later and escaped.

This is the second attempt these men have made to take French leave of the sheriff. A few days since an effort was made by the same bunch to saw through the steel wall at the rear end of the runaround and an aperture sufficiently large for the purpose of escape had been outlined and sawed through nearly all the way. A patch had been placed over this by one of the local blacksmiths, and the men, who had been denied the freedom of the runaround, while repairs were making, were again allowed the privilege of the corridor. They are locked in their cells, now, however, and will remain so until the arrival of the penitentiary agent, who is expected here today.

Five circus trains of the Barnum Bailey combination passed through Bryan over the H. & T. C. at an early hour Tuesday morning. The trains were en route from Houston to Mexico where an exhibition was given.

There was a very fair attendance at the tent meeting conducted by Rev. T. C. Ferguson Monday night. Side flaps have been attached so as to exclude the cold and everybody is invited to come to the meeting and assist in making it a success.

An educational rally at Wellborn to night will be attended by county Superintendent T. W. Parker and Principal Kinnard of the Bryan city schools. This meeting is a part of the plan adopted by the County Teachers Institute at its recent session here to awaken more interest in educational matters in this county.

The trial of the case of P. M. Raynor vs. J. W. Hunnicutt resulted in a mistrial in Justice McGee's court Monday afternoon. This matter has to do with a horse trade between the litigants. The case will come up again in the same court on Monday, October 26th, making the third hearing of this cause.

JAPAN EXTENDED INSULT.

Massachusetts Senator Says War Talk Dies Away as the Fleet Journeys Around the Globe, and This Issue Alone Should Defeat Bryan.

Boston, Oct. 13.—Declaring that Japan was ready to make insulting demands on the United States did she dare, and that the only way to guard against such a contingency was to increase our navy, Senator Lodge launched into a stirring and vigorous plea for a bigger and better navy at a Republican reform meeting in Tremont temple, held under the auspices of the Republican Club of Massachusetts.

"What we want to look for is our navy," insisted the speaker. "We

HENRY CABOT LODGE.

should protect both the Atlantic and Pacific coasts and it is the policy of the Republican party to do this. Notice how the talk of war dies away with the voyage of the fleet around the globe," continued Senator Lodge. "A navy is the best possible security for peace. Bryan ought to be beaten for opposition to the navy if for no other reason."

Secretary of the Interior Garfield spoke of the achievements of the Republican party under the present administration.

Kern Goes East.

Indianapolis, Oct. 13.—John W. Kern has gone east on his last speaking tour outside of Indiana. He closes at Syracuse, N. Y., next Tuesday.

All Rights Extinguished.

London, Oct. 13.—By an order of the divorce court all the rights and interests of the Earl of Yarmouth under the financial settlement made prior to the earl's marriage to Miss Alice Cornelia Thaw in Pittsburgh on April 27, 1903, are extinguished. According to the counsel the sum settled on the earl at this time amounted to \$600,000. The earl made no opposition. The marriage of the Earl of Yarmouth and Miss Thaw was annulled in London on Feb. 5 of this year.

Balloon Sinks in Sea.

Berlin, Oct. 13.—A wireless message received Tuesday from Arnold conductor of the St. Louis balloon in the James Gordon Bennett race, says: "Lost everything in the North sea last night."

Another dispatch received here says St. Louis balloon sank in the North sea and the occupants were rescued by a schooner.

Jockey Loses Suit.

New York, Oct. 13.—It took the jury only half an hour to decide in favor of August Belmont in the suit for \$100,000 damages brought against him by John B. Freit, the jockey. Freit claimed he was calendar as having left his employe without authority. Freit claimed he had been discharged because he failed on one occasion to take off his hat in saluting Mr. Belmont.

Debs Is Ill.

Newark, N. J., Oct. 13.—Eugene V. Debs, the Socialist candidate for president, who was taken ill while making his campaign tour on the "red special," was so sick Tuesday morning that he could not meet a delegation of Socialists who called to express sympathy. His physician says he is suffering from a severe cold.

Army Officer Arrested on Train.

Decatur, Ill., Oct. 13.—Colonel William Tucker of the United States army was arrested here on a Wabash train. He is charged with deserting his wife, daughter of the late General John A. Logan. Colonel Tucker was accompanied by a woman for whom, he, it is alleged, deserted his wife.

First Virginia Electrocution.

Richmond, Oct. 13.—The first execution under the new statute of Virginia, which substitutes electrocution for hanging, took place in the penitentiary here early Tuesday. The man to suffer the penalty was Harry Smith, a negro, convicted of rape on an aged lady of Portsmouth, and robbery.
